ABOUT NUHS FUND

NUHS Fund Limited is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

ABOUT NUH CHILDREN'S FUND

NUH Children's Fund supports children undergoing treatment at the Khoo Teck Puat – National University Children's Medical Institute (KTP-NUCMI), the paediatric arm of the National University Hospital and principal teaching facility of the Department of Paediatrics of the Yong Loo Lin School of Medicine, National University of Singapore.

The focus of KTP-NUCMI's academic, research and clinical programmes is to find better ways to assess, manage and treat paediatric conditions to enable our young patients to realise their fullest potential and achieve their best in health and in life.

Philanthropic support provides us with the extra assistance to excel in what we do – provide the best possible outcomes for our young patients. Your support will help to change the future of these young lives in Singapore.

32%

*Musculoskeletal, Skin, Eye, Psychiatry, Heart & other diseases.

BY SUPPORT CATEGORY

Based on dollar amount supported

Your Gift Matters!

Destinee faces behavioural challenges and requires long-term follow-up with a paediatrician. To improve caregiver-child attunement and communication, she was recommended to undergo art therapy.

As the sole breadwinner and caregiver to 3 school-going children, Destinee's father struggles to make ends meet.

Thanks to your generosity, Destinee's father was relieved of the financial burden related to her medical expenses, allowing him to focus on her wellbeing.

"We are incredibly proud of Destinee and deeply grateful for the support and encouragement she has received."

- Destinee's father
