Order Code: 04 to 06

Bottle

### **21st Century Pre-Natal**

Provides folic acid, vitamins and mineral supplementation throughout pregnancy and the post-natal period for both lactating and non-lactating mothers.

#### **Dosage**

- 1 tablet a day, with any meal
- To take 2 hours before or after consuming food rich in calcium or calcium supplements

#### **Potential side effects**

This supplement is generally well tolerated.

Each bottle contains 60 tablets.

### **Caltrate 600 with Vitamin D 500IU**

Contains 600mg of calcium and 500 units of Vitamin D. Calcium helps with the maintenance of healthy bones and teeth while Vitamin D aids in the absorption of calcium from the diet.

#### **Dosage**

- 1 tablet a day
- To take 2 hours before or after consuming food rich in iron or iron supplements

#### **Potential side effects**

Potential side effects may include constipation, bloating or gas.

Each bottle contains 60 tablets.

### **QualiBrain DHA Softgel 60S**

Provides DHA to pregnant and breastfeeding mothers.

#### **Dosage**

- 1 - 2 capsule a day
- Preferably with food

#### **Potential side effects**

This supplement is generally well tolerated.

Each bottle contains 60 softgels.

### **Iberet Folic 500**

- Prevents iron deficiency in pregnancy by helping to meet the increased iron needs of both the mother and developing baby
- Contains vitamin B, including folic acid

#### **Dosage**

- 1 tablet a day
- To take 2 hours before or after consuming food rich in calcium or calcium supplements

#### **Potential side effects**

• Stomach upset and vomiting  
Taking the supplement after some food or a light snack may alleviate these symptoms.

- Constipation

Drink more water and incorporate more high fibre food such as fruits and vegetables into your diet.

- Blackening of stools

This is caused by the oxidation of iron in the gut and is harmless.

Each box contains 60 tablets.

### **Folic Acid 5mg**

Prevents abnormal development of the brain and spinal cord.

#### **Dosage**

- 1 tablet a day
- May be taken with or without food

#### **Potential side effects**

Potential side effects may include slight flushing, rash or itch.

Each box contains 30 tablets.

### **21st Century Folic Acid 400mcg**

Prevents abnormal development of the brain and spinal cord.

#### **Dosage**

- 1 tablet a day
- May be taken with or without food

#### **Potential side effects**

Potential side effects may include slight flushing, rash or itch.

Each bottle contains 100 tablets.
