

## GP CME WEBINAR

31 October 2020, 2.00pm – 4.00pm

### *Annual NUH Urology GP CME Updates 2020*

In our aging population today, there is an increasing number of elderly patients who present with various urological conditions. Urology is constantly evolving with ongoing advancements in diagnostics, management and therapeutics.

In lieu of the COVID-19 situation, we will be holding our GP Symposium online for the first time. We hope you can join us as we engage you with up-to-date management strategies and urological advancements centered on the patient, for day-to-day general practice.

Time	Topic	Speaker
2.00pm – 2.10pm	Welcome Address	A/Prof Edmund Chiong Head, Senior Consultant 
2.10pm – 2.40pm	LIFTing Spirits for Benign Prostatic Hyperplasia: Latest Advancements in Minimally Invasive Surgery in BPH	Asst Prof Chua Wei Jin Senior Consultant
