Specialist in Focus

Dr Vivien Lim

MBBS, MMed, MRCSed

Associate Consultant

During her residency years in Ophthalmology from 2006-2012, Dr Lim has held various administrative appointments, including Chief Registrar in the Division of Ophthalmology National University Hospital (NUH) from 2010-2011.

Dr Lim became a Member of the Royal College of Surgeons of Edinburgh and was awarded the Master of Medicine (Ophthalmology) by NUS in 2009. Upon completion of her residency in 2012, Dr Lim became a Fellow of the Academy of Medicine, Singapore (FAMS). Her practice interests include General Ophthalmology, Adult Cataract Surgery, Refractive Surgery (LASIK), Pterygium Surgery and Dry Eyes..

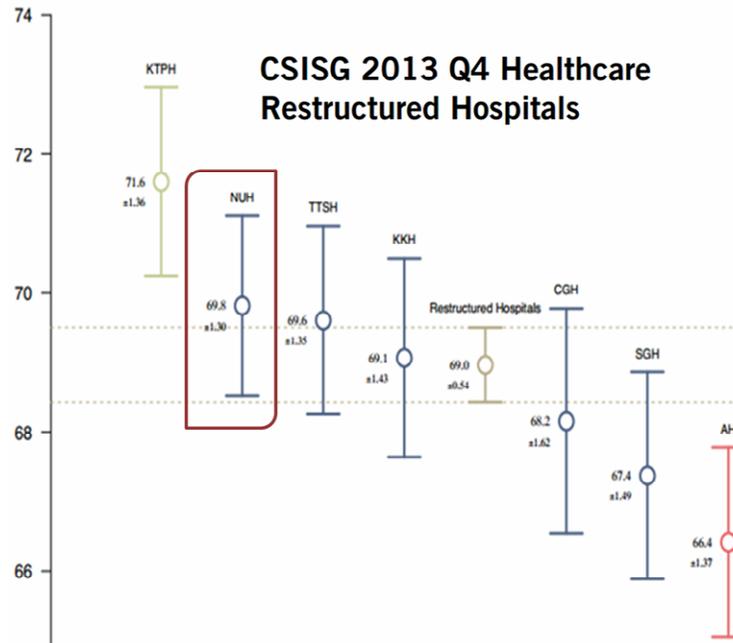

Dr Lim has published scientific papers in respected peer-reviewed medical journals, and presented at numerous international and local conferences. Her research interests are in refractive and cataract surgery. She is active in teaching medical students and ophthalmology residents, and is a faculty member at the Yong Loo Lin School of Medicine, NUS.

Local News

Customer Satisfaction Index of Singapore 2013

NUH was ranked No. 2 among the local restructured/public hospitals in a customer satisfaction survey for 2013 under the healthcare sector. The Customer Satisfaction Index of Singapore (CSISG) is an independent and objective national benchmark and is jointly developed by the Institute of Service Excellence at the Singapore Management University (SMU) and the Singapore Workforce Development Agency (SWDA)

Please refer below for details of the survey results:

Happenings @ NUH

Helping hand for child cancer survivors

Cancer survivor Joyson Tan had a worry-free Christmas last year. Not only did the 13-year-old get to enjoy the festive lights, he indulged in turkey, ham and sausages — processed meat that was previously taboo because of his bone marrow transplant.

Upcoming GP CME Events

Every year, as part of NUH's commitment to provide Continuing Medical Education (CME) for the private practitioners' community in Singapore, we organise a series of GP symposiums which are held regularly. During these CMEs, our specialists will present different topics in various areas of specialities and provide clinical updates useful for your care of patients.

Following are the GP CME events we have **April 2014**

Date	GP CME Topic
12 Apr	Urology Updates for GP
26 Apr	Updates in Lung Cancer

*Please note that all CME events will be held at the **Seminar room T01-01** unless otherwise stated:*

**NUHS Tower Block, Level 1
1E Kent Ridge Road, Singapore 119228**

Please CALL us @ **6772 5695 / 5079 for registration & enquiries**

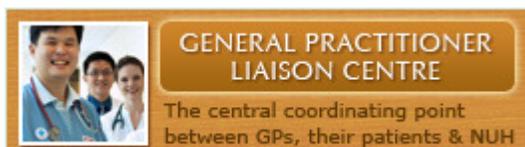

The GP Liaison Centre aims to facilitate rapport and collaboration between primary care physicians and NUH.
