NUH CHILDREN'S FUNDS DONOR REPORT

(August 2022 - July 2023)

Scan this QR code or visit bit.ly/abtnuhsfund to find out more about NUHS Fund Limited!

ABOUT NUHS FUND

NUHS Fund Limited is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

ABOUT NUH CHILDREN'S FUNDS

NUH Children's Funds support children undergoing treatment at the Khoo Teck Puat – National University Children's Medical Institute (KTP-NUCMI), the paediatric arm of the National University Hospital and principal teaching facility of the Department of Paediatrics of the Yong Loo Lin School of Medicine, National University of Singapore.

The focus of KTP-NUCMI's academic, research and clinical programmes is to find better ways to assess, manage and treat paediatric conditions to enable our young patients to realise their fullest potential and achieve their best in health and in life.

Philanthropic support provides us with the extra assistance to excel in what we do – provide the best possible outcomes for our young patients. Your support will help to change the future of these young lives in Singapore.

Your Gift Matters!

Lisa* was born with multiple congenital anomalies. She suffers from gastro-oesophageal reflux disorder, cyclical vomiting syndrome and hearing loss. Due to her condition, she requires fortified milk formulas and continuous feeding via PEG tube.

Lisa's mother is the sole breadwinner of the family and she earns a nominal income as a part-time cleaner. She is unable to get a full-time job as she also needs to provide care for her father who suffers from multiple heart and eye health issues, affecting her ability to afford the cost of the feeds as her income is often only enough for living expenses.

Thanks to your support, Lisa's family is able to receive the necessary milk formula and feeding bags to ensure sufficient nutrient support for Lisa.

“I’m very thankful to the donors for their generous support, which has enabled Lisa to continue receiving the necessary milk formula and feeding bags.”
- Lisa's mother
