

How to Choose Appropriate Footwear

Tips for a good fit

Ensure there is 1 - 2cm space from the longest toe to the front of the shoe

Ensure sufficient forefoot depth to prevent pressure points and to accommodate any toe deformity

Ensure the correct width at the widest part of the shoe to the foot

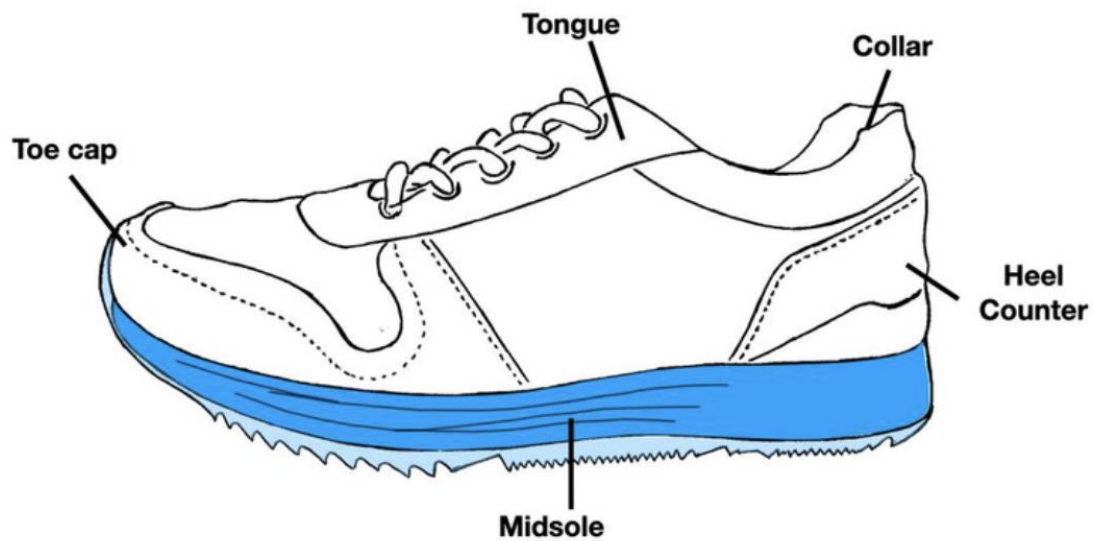

Ensure sufficient heel counter depth and firmness for sufficient support

Choose footwear with adjustable straps or laces to fasten the shoe to the foot firmly

Examples of appropriate footwear

Firm and deep heel counter to provide adequate support

Adjustable lace, buckle or strap fastenings hold the foot more firmly

Mary Janes

Running Shoes

Smooth inner lining prevents friction and blisters

Firm midsole for support and control if indicated by your podiatrist

Outsole with non-slip grip prevents slips and falls
