

Khoo Teck Puat – National University Children’s Medical Institute (KTP-NUCMI)

Creating a therapeutic healing environment that is child-centric and family-friendly

Unique features of

Khoo Teck Puat - National University Children's Medical Institute (KTP-NUCMI)

Child-friendly and family-focused design

Child-friendly and family-focused design

Play zones to keep your child occupied while you carry out discussions with the doctors

Integrated care

Specialist outpatient consultation and clinical support services under one roof

Multiple programmes to enhance coordination of care for patients with special needs, complex conditions, and learning and behavioural difficulties

Our Services

The centre is made possible through a generous gift from the estate of Khoo Teck Puat. It caters to neonates, children and adolescents, and houses primarily specialist outpatient clinics and other diagnostic and rehabilitation facilities.

Disciplines of care include:

- Allergy, Immunology & Rheumatology
- Cardiology
- Developmental & Behavioural Paediatrics
- Endocrinology
- Gastroenterology, Nutrition, Hepatology & Liver Transplantation
- General Ambulatory Paediatrics & Adolescent Medicine
- Genetics & Metabolism
- Infectious Diseases
- Neonatology
- Nephrology, Dialysis & Renal Transplantation
- Neurology
- Orthopaedics
- Paediatric Surgery
- Psychological Services
- Pulmonary Medicine & Sleep

Other services include:

- Diagnostic Imaging
- Dietetics
- Pharmacy
- Rehabilitation
