Hospital fees/charges shown for B2 and C class wards are based on maximum subsidy level, excluding GST.

- Actual charges may differ among Singapore Citizens (SCs), Permanent Residents (PRs), Resident Foreigners (RFs) and Non-Residents (NRs).
- Rates listed above under B2 & C Class (subsidised wards) are applicable only to patients who are eligible for government (gov't) subsidy and GST will be absorbed by the Government.
- Patients are not eligible for admission to subsidised wards and can only select Deluxe / A1 / B1 class if they are:
 - Non-Residents.
 - Admitted due to industrial accidents (B2 / C ward class allowed but charged at non-subsidised rates with GST).
 - Admitted due to non-basic health services (e.g. sub-fertility, sex reassignment, cosmetic surgery etc)
 - Transferred from a private hospital or private class ward of another restructured hospital.
 - Referred to a specific doctor or wish to have their choice of doctor.
 - Patients referred from a visiting consultant's private clinic can only select Deluxe or A1 class (exclude B1 class)
 - An additional day of room charge and treatment fee will be applicable for discharge after 11.30am
 - Relatives of Class A or Deluxe patients in Kent Ridge Wing can choose to room-in with the patient, if they wish to, with no additional charges

Deposit

- Patients are required to make a deposit of the full amount of the estimated total bill size or a fixed desposit amount if the estimated total bill size is not available.
- Partial or waiver of deposit is accepted if a Letter of Guarantee, Hospitalisation Identity Card, Civil Service Concession Card, Medical Claims Authorisation Form or any medical benefit card is presented/ given upon admission.
- Top-up of the deposit will be required when the patient's hospital bill exceeds the initial deposit paid or when his or her Medisave is insufficient.

Payment & Enquiries

Upon discharge, you are required to make payment of any outstanding amount via cash, credit card, NETS, Medisave, or submit proof of payment arrangement with a third party (e.g. insurance company, employer, etc).

Information is correct at time of print (1 July 2023) and subject to revision without notice.

Foot Notes

- All charges are exclusive of non-standard items
- Charges incurred during hospitalization in an isolation ward will be based on the choice of ward class.
- Accommodation fees for newborns are charged according to their mother's choice of accommodation.
- Implants are subject to a max gov't subsidy of \$1,000 (SCs) / \$500 (PRs) per item. Gov't subsidy is only applicable to eligible patients staying in B2/C wards.
- Medication charges are only applicable for drugs within standard drug list 1 for tablets and capsules only (Non-standard drugs are excluded).
- Charges incurred for Consumables, purchase of equipment and therapeutic services are not included.
- These charges for subsidised patients are based on a range of government subsidy and may vary depending on the patient's means test subsidy level. For subsidised patients, GST is absorbed by the hospital.
